Imogen's white out!

White beaches, while bikini, the hottie's white bits!

→ WHEN SHE'S not scribbling "C'mon Wales" across her naked chest to gee up her rugby team, or running to parks to mostly stretch in tight clothing, Imogen likes to go on holiday. Which is just dandy for her, but also for us, as we get to share her frolicking across our pages.

Imogen's beach pounding this week happened on Thailand's Koh Samui island, where she's taking her 13th holiday of 2012. Honestly, that girl's got more air miles than an air hostess' handbag.

IMOGEN'S BOOBY TWEET!

Imogen tweeted this naughty pic of her boobs to show support for Wales in the Six Nations!

"Hang on, is that Mrs Giggs with a rolling pin?"

"Dang, where's
my bobble hat gone?"

"Half-price ice
creams on the
beach! Get in!"

"Aaargh! Cramp!"

Man on fire!

Just a man fire-breathing on a BMXer!

WE HOPE that what you see here is planned.

Otherwise, the chap setting this BMXer alight by breathing fire onto his bike as he zooms past off a ramp would really be the height of bad manners.

Although we like their thinking. What sport

couldn't be improved with finishing by being set alight by a fire-breather?

Man lands a big trout? Set him on fire! Ronnie O'Sullivan completes a speedy 147 break? Whoosh! That Jenson Button takes another Grand Prix's chequered flag? OK, maybe not that one.

"Not again!"

A quick word with... the Britain's Got Talent judges!

Amanda, Alesha, David and Simon on horny dogs, *The Voice* and bromances!

➔ Hello Simon Cowell, David Walliams, Amanda Holden and

Alesha Dixon! David and Simon, you two have struck up quite a bromance since auditions for *BGT* began. David, is your wife jealous of your new best friend?

David: My wife is jealous because every time I come back from work, I'm like [does really camp voice], "Guess what Simon did today?" And she doesn't like it. Also, in our wedding photos, I've replaced her head with pictures of Simon. Sometimes we get into bed and I say, "Is it OK if I call you Simon?" The first few times she didn't mind, now I've got her wearing a Simon Cowell mask. [Simon shakes his head in disgust.] And I've given you a massage, haven't I?

Simon: Have you?

David: You closed your eyes and you didn't know who was giving you a massage, and you opened your eyes and it was me.

Simon: Yes, that did happen. It's a very entertaining relationship. My mum and dad used to have a dachshund and it used to hump my leg and I'd be like, "Oh go away, Lottie." That's

very similar to our bromance. You know the sketch he does on *Little Britain* with the Prime Minister and the gay assistant? That's our relationship.

David: You're the gay assistant. Simon: No, you are. I'm the Prime Minister. Well, I'm not the Prime Minister. Yet.

David, if you're the Prime Minister and Simon is the camp assistant, does this mean you'll be taking over as dominant alpha male on the panel?

David: No. That's Amanda Holden. There's one alpha male and that's Simon.

Simon: We're all alpha males.

David: You get your way more.

Amanda: That's true.

David: Sometimes we gang up on him. [Thinks.] I've never thought of myself as an alpha male. Have you?

Simon: Er... not really. Maybe?

David: [Does very manly voice.] Yes, I guess I am alpha male. Thank you.

Amanda, you've just had a new baby! [Amanda was very poorly after the birth as well - Ed.]

Are you supposed to be back at work so soon?

Amanda: I don't consider it work. I consider digging the roads work, or working nine to five. Sitting at a desk and pressing a buzzer for a day is

a treat. The show takes about ten days in total over eight weeks, that's a good job. It was good. I needed something. It was good to come back. I was desperate to see Simon. I saw him when I flat-lined, actually. He is God, I swear.

Simon, what made you think of the extremely hot Carmen Electra as a temporary replacement when Amanda had to miss some of the auditions?

Simon: She's got the best... set of... teeth I've ever seen. I met Carmen in America. I liked the idea of bringing an American over because she'd seen the show from an American perspective, which makes it quite funny.

Two years ago, a woman and her dancing dog got into the final of *Britain's Got Talent* and there was a dancing dog on the show last year. Simon, if a dancing dog wins this year's series, will you dance with it?

Simon: I'm going to say, because I'd like a dancing dog to win so much, that if it won, I would consider dancing with it. David: That's not good enough.

Simon: I'm not going to help it to win.

David: OK, but after it's won, would you then go on a tour around the world with it?

Simon: Of course not. But the answer to the question is yes, I'd dance with it at the final.

So, Simon. Are you going to watch *The Voice*?

Simon: I'll probably watch about five minutes of it. Not the whole thing. Are you?

Maybe.

Simon: I wouldn't bother.

It might be all right. Cheryl Cole is performing her new single. Are you annoyed that the Beeb are messing with you by putting it on at the same time as *BGT*?

Simon: They've got to get their sense of humour back. I read today that I'd offered Tom Jones [a judge on *The Voice*] a role on one of my shows. I've only met the guy once. They're winding this up to make it a big battle.

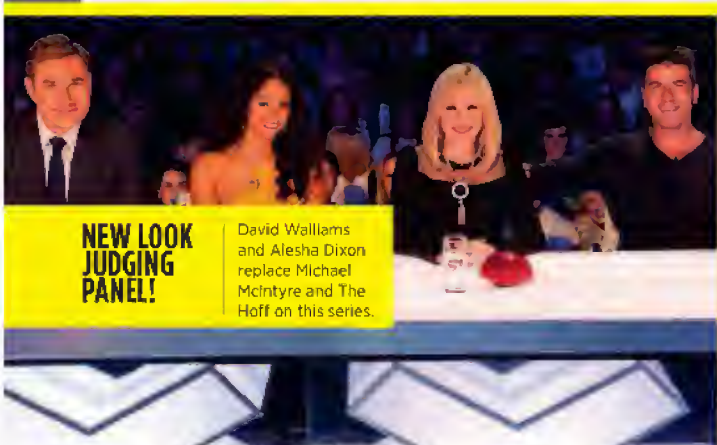

Yes, but you did steal Alesha from *Strictly Come Dancing*.

Simon: I'd approached Alesha to join *The X Factor* some time ago but couldn't quite get past the finishing post. Once it was decided it was going to be four people on the panel, I thought I'd love Alesha to do the show. There's so much rivalry with *Strictly* and *X Factor*, and the BBC are always messing with the schedules. *The Voice* was 100 per cent intended to be a rival to *The X Factor* so I thought, "Great, we'll nick Alesha."

Alesha: I can't be stolen!

Simon: You know what I mean. It was a negotiation. When you get to the point that you're messing around with the schedules, that to me is silly. I love competition but if you asked the BBC, "Do we need another singing talent show?" I'd query whether you do or not. But the shows go out at the same time, so may the better one win. Which is my show, obviously.

● The new series of *Britain's Got Talent* is on ITV1, 8pm, every Saturday.

Lions, close up!

Man sends camera into the lions' den

➔ **IN THAT** Masai Mara wildlife park in Kenya, bowl up to a lion and stick a camera in its face and it'll take your arm off. So to get these cool shots, snapper Will Burrard-Lucas had to get creative.

Cue BeetleCam – a digital camera mounted on a remote-controlled-car base, topped off with an armoured shell. With a range of 100 metres, Will then sent it forth, while presumably hiding behind a bush. Which is where we would be. In pretty much any high-risk situation, frankly.

"Should have got a Chinese..."

"Damn, I can't get Sky Sports. Milwall are playing too!"

"Simba! Come
away from there"

"Hmm... looks
like rain"

The chap who gets the snaps!

We talk to photographer
Will Burrard-Lucas

Hi Will! How did you come up with the idea to get these awesome pics?

One way to get unusual perspectives of animals is to get in really close and use a wide-angle lens. But in Africa, the minute you step out of the car you run the risk of being mauled. It was a logical step to develop the BeetleCam.

How many prototypes did you go through?

The first one actually worked rather well – the first time we tried it on a lion, she got hold of it and ran off. That camera was destroyed but we saved the memory card. After that I added the armour.

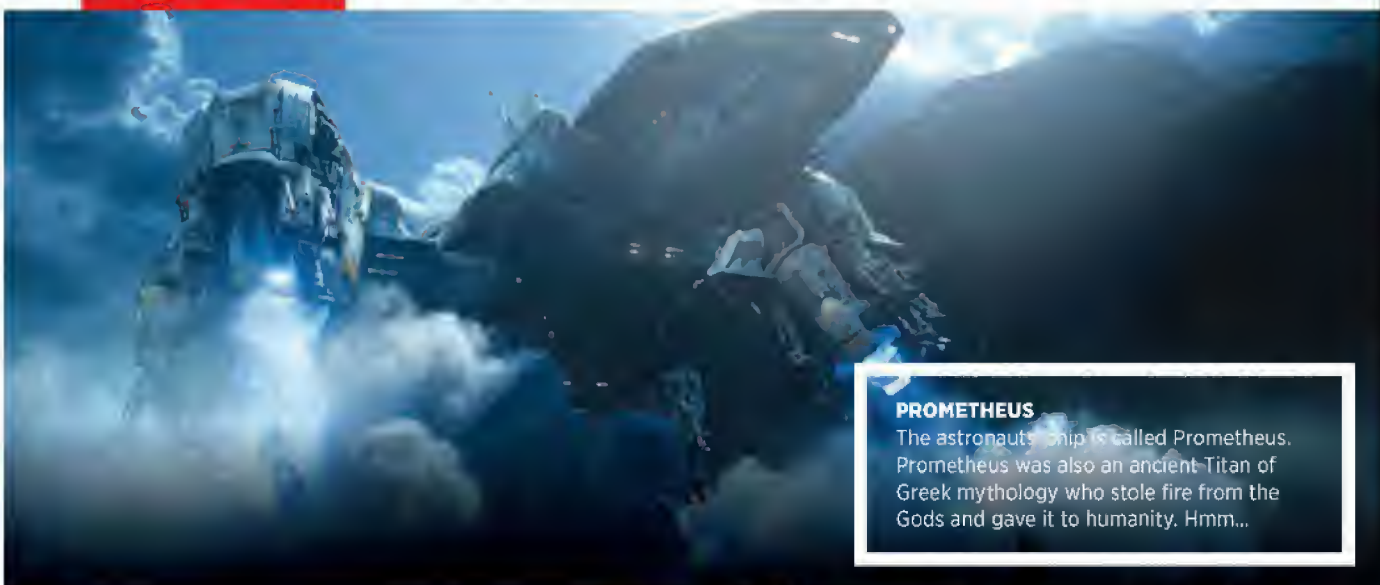

Are you ever close enough for things to get hairy?

I stand about 50 metres away so I can still see the buggy. Often the males will ignore the camera out of principal – they can be quite grumpy.

What animals would you like to shoot next?

I'm going back to Africa. I'd like to have a go at shooting leopards.

PROMETHEUS

The astronauts' ship is called Prometheus. Prometheus was also an ancient-Titan of Greek mythology who stole fire from the Gods and gave it to humanity. Hmm...

Prometheus first look!

Movie of the year?
This could well be!

➔ WHEN SCI-FI specialist Ridley Scott announced

Prometheus – a prequel of sorts to 1979 classic *Alien*, we let out a whoopy cheer. Then he explained, “The keen fan will recognise strands of *Alien*’s DNA, but the ideas tackled in this film are unique, large and provocative.” And we scratched our heads.

Then we saw the trailer. And everything changed. Honestly, we’re so excited, we could poo!

A SHIP AWAKENED!

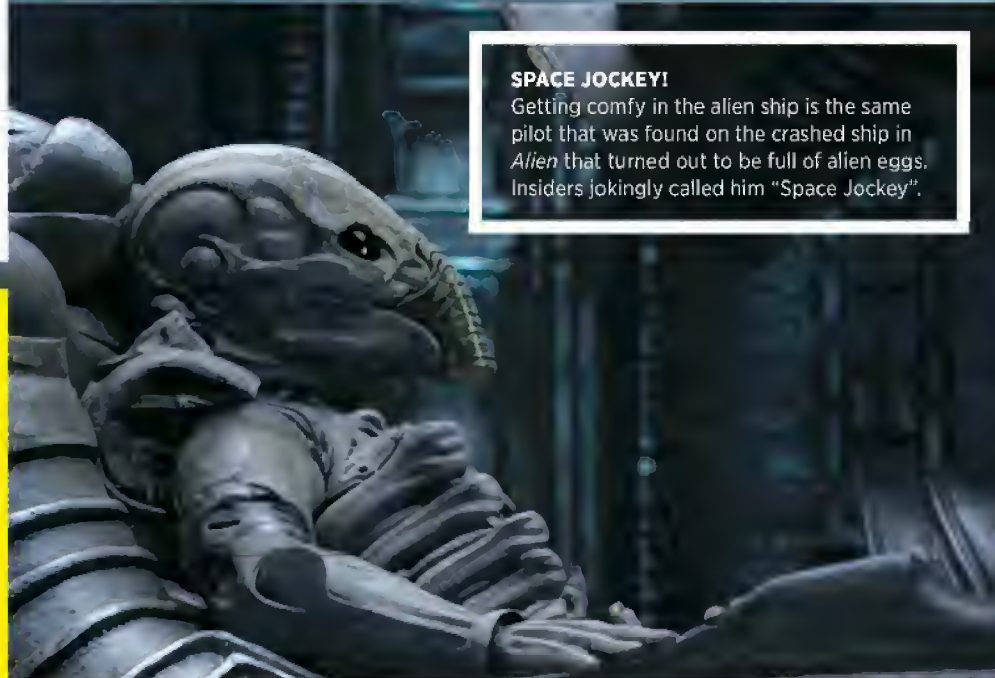

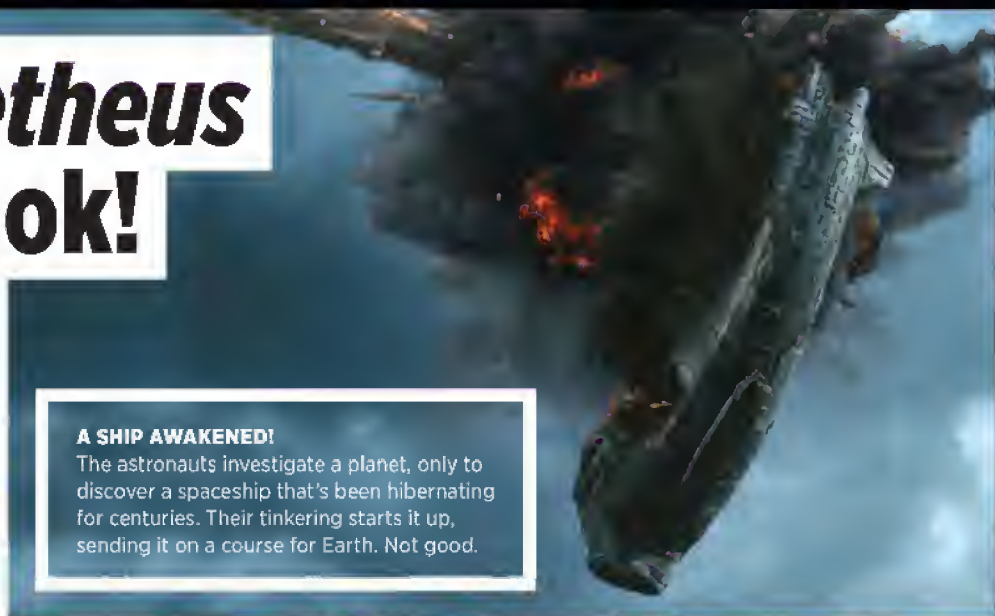

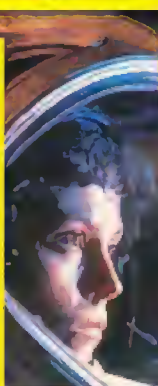

The astronauts investigate a planet, only to discover a spaceship that’s been hibernating for centuries. Their tinkering starts it up, sending it on a course for Earth. Not good.

SPACE JOCKEY!

Getting comfy in the alien ship is the same pilot that was found on the crashed ship in *Alien* that turned out to be full of alien eggs. Insiders jokingly called him “Space Jockey”.

WHAT IS ALIEN?

Classic 1979 sci-fi where a spaceship discovers an alien that kills the crew, one by one.

THE MISSION

The crew are investigating alien artefacts, like this massive Easter Island-style head, on distant planets for the shadowy Weyland Corporation (headed by Guy Pearce).

ALIEN INVASION

Here we see a crew member in a cryo sleep chamber struggling with what looks like an alien "face hugger" that lays eggs in a human's stomach to breed more aliens.

THERE BE CYBORGS!

Irish actor Michael Fassbender plays a cyborg from the Weyland Corporation. A cyborg in *Alien* malfunctioned and went on a killing spree. These could be connected.

Nissan builds a Batmobile!

It's shaped like a wingless jet and
is going to the Le Mans 24-hour!

"And where exactly
am I supposed to
fit my roof rack?"

"Remind me again -
who makes this car?"

- Most race cars look the same these days. Even in the multibillion pound game of F1, design tweaks are visually subtle. But Nissan is now looking to re-write the race-car rulebook.
- The DeltaWing is a single-seat driving weapon specifically designed to compete in endurance races. Besides looking like something Bruce Wayne tools around in at night, this works on the theory that if you cut down on the weight, you don't need as much power to go as fast. Which also means lower fuel consumption and tyres that last longer.
- The DeltaWing gets its name from the triangular dart shape it shares with stealth fighter jets. It looks like a dragster, but it's been built to demolish corners. How?
- Well, over 70 per cent of its 500kg weight is at the back end - the engine and gearbox are there, along with the driver. This means the front wheels can be mounted much closer together and serious aerodynamics halve the drag of a conventional car.
- To drive this weapon balls-out on a track requires a new driving technique. The back end is more than twice as wide as the front!
- Surprisingly for a race car, it has a tiny 1.6-litre four-cylinder engine. This is a reworked version of the turbocharged direct injection petrol motor for sale in the current Nissan Juke. But testing has seen the carbon-fibre DeltaWing going as fast as cars with double its power.
- While the main car has been built in the USA, legendary race-car builders RML in Northamptonshire did the engine work, making the exhaust, block, sump and head as light as possible.
- They could have squeezed more than 300bhp out of the 1,600, but Nissan is restricted to that figure in order to run the car at the Le Mans 24-hour. So, 0-62mph will be around three seconds, to a top speed of a restricted 186mph.
- That's where the DeltaWing "David" will be wheeled out to annoy the Audi, Porsche, Toyota and Aston Martin "Goliaths". But, as it's classed as a one-off experimental machine, the DeltaWing also has to have its top speed clipped.
- So, Nissan could start the revolution for small engines matching the muscle of bigger race cars. But sorry, Premier League footballers, it's not for sale. Not yet, anyway.

The solar system's biggest volcano!

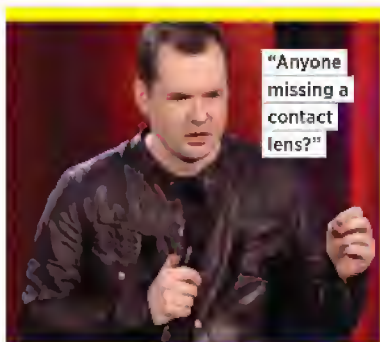

Jupiter's moon goes proper mental!

➔ **RIGHT, SOME perspective.** The planet pictured behind is Jupiter. Which is 11 times wider across its middle than Earth. The moon in front is Io (about five per cent bigger than our own moon), which is the most volcanically active object in our solar system.

That thing we've ringed is a volcano. It's over a kilometre tall, can be seen from Earth and its trail of debris reaches over 214km into Io's atmosphere. Which makes that unpronounceable one in Iceland, which beached the whole of Europe's air traffic look like a right tiddler!

Volcano facts!

- Io's volcano is erupting liquid sulphur dioxide. It has a molten iron/iron sulphide core.
- Io has no magnetic field of its own, but its orbit is close enough to Jupiter (around 350,000km) to create a magnetosphere, which sucks the gases from the volcano.
- The volcano spits out dust and gas at a rate of one tonne per second. Which is quite bumpy.

HE'S RUDE, RANTY AND RIOTOUS!

Next week, Jim's speaking at the National Atheist Convention in Melbourne.

"Rating music videos won't protect kids!"

THERE'S BEEN a clamour for music videos to be rated like movies – PG, 15 and all that sh*t – claiming this will protect our children. Now, as many people know, I was once a child and whenever I was told I couldn't do something, I wanted to do it. So now kids are going to go straight for the most extreme videos rather than the best music. People will put porn into their videos, just to make up for the cheezy, dated, sh*t music. Hey, it'll be just like regular porn!

"Sunderland has a drink problem!"

REPORTS HAVE confirmed that Sunderland is the British

"Osama loves Whitney!"

IT'S COME to light that Osama bin Laden was a huge fan of Whitney Houston, and wanted so much to meet the pop diva that he planned to kidnap her. I have a similar plan for Lady Gaga, although maybe I shouldn't be revealing that fact in a national magazine. This story made me reflect a lot on Whitney. I was devastated when I heard that she'd died, mainly because I'd seen the recent photographs of her and thought she was already dead. I had to go through that pain twice.

city in which residents are most likely to drink themselves to death. Well, I've been to Sunderland many times, and I've gotta tell ya that an alcohol-related death isn't a bad option. If you live in a place that's jealous of Newcastle, then f**k it, you may as well drink until you cark it. Apparently, drink-

related deaths have risen by 28 per cent in the last decade. Sounds scary, right? But the population has gone up by five million in that time, and that's not including illegals. It's a tiny f**kin' rise in real terms. So my advice is: get the f**k out of Sunderland, and keep on drinking.

"Titanic's Winslet is a slapper!"

THE MOVIE *Titanic* is back in cinemas, only now it's in 3D, but I, for one, will definitely not be watching it because Kate Winslet's character (Rose DeWitt Bukater) is a complete f**kin' slapper and I wish she'd died shivering in the frozen black Atlantic along with the thousand or so others who perished. I don't know how anyone could a) find this insipid piece of sh*t romantic and b) think Billy Zane's character is the villain. Not only did he pay for Kate and her mother to go on a nice cruise, he then he gave her a \$10million necklace. And on day two of the cruise, she starts f**kin' some guy from the colonies. Have some dignity, Rose, and wait till you get to New York before you start f**kin' the poor guy. And give the f**kin' necklace back!

Nuts NEXT TOP MODEL!

Introducing the hottest new models – in their first ever *Nuts* shoot!

ONLY IN
Nuts!

Bianca

She's a 34D busty Birmingham beauty!

Hi Bianca! How does it feel to be in *Nuts*?

Hello! It's so exciting! The shoot has gone really well. I can't tell you how much fun I've had today.

Have you ever done any other types of modelling?

Yes, you might have seen me doing some Page 3 bits before,

but this is my first big feature. Hopefully, it's going to lead to many happy years in *Nuts*!

What would your ideal *Nuts* shoot involve?

My ambition is to get on the cover. I'd absolutely love that!

Do your mates know you're going to be in the mag?

No. It'll be a nice surprise! I think I'll be a bit shocked when I see it in the shops.

What could we expect from a night out with you?

I'm not that wild. I really like talking and getting to know people. If I drink wine, though, I tend to get a bit feisty!

Who's your favourite *Nuts* babe?

I adore Lucy Pinder, but I also love Amii Grove because she's a fellow West Midlands girl. We could do a special sexy Birmingham shoot.

As a Birmingham lass, where do your footy allegiances lie?

Oh, I'm a massive fan of Aston Villa. I love a bit of football – my family have always been Villa, though.

Thanks, Bianca! Finally, do you have any party tricks?

I used to be a dancer, so I'm actually really good at doing the splits. It's something you pick up over the years, and it never leaves you.

INTERVIEW: ANDY JONES

Maverick Sabre

The chart-botherer on an amazing year, doing the dishes with Plan B and singing ladies into bed!

Hello Maverick Sabre! Is that what your mum calls you?
Ha! No, she doesn't! My friends back home in Ireland just know me as "Mick" but when I'm in London, people call me "Mav".

You've just finished touring. What's been your favourite gig so far?

The Roundhouse in Camden. I do a song called *Shootin' The Stars* and I got everyone to pick up a light – a phone or a lighter. I stood back, took the crowd in and... it just took me right back. My family were there, as well as 3,000-odd people. It almost felt like I was playing to one person. A real "goosebumps" moment.

You've collaborated with Professor Green, and Chase and Status but grew up in rural Ireland. Is there a big hip-hop/drum'n'bass scene there?

You just don't have the musical influences. There's U2 and The Script, but you have no one to look up to. Whereas, in London you can say, "Oh look, Dizzee Rascal is from East London and look how well he's doing." Instead, I'd have people saying,

"Can someone turn the lights on please?"

"Come on, you can't do that, you're from a small town in Ireland!" That's the mentality.

Did you ever think about giving up on music?

Yeah! I was in school and it came to doing a university application. I'd signed up to do a computer course – which I never f**king wanted to do, but I just thought it would be good to have a back-up plan. But this is where Plan B had such an influence. He said to me, "The minute you have a back-up plan, that's all you'll ever think about. You'll put the thing you love second to that." So I followed my heart and said, "F**k it!"

Plan B has been a bit of a mentor to you, hasn't he?

I met him when I was 16. I was supporting him in Dublin. Then I met him again a year later when I was contemplating moving back to London. I just had no idea how I would do that. Plan B said, "Look, if you ever want to move back to London, I'll help and support you." So I packed my bags and took him up on the offer.

Is it true you moved in with him? Did he make you do the dishes?

Yeah, there was a period when I was living with him. It was a creative household and very inspiring. That was the best thing, because I have a lazy side. And, seeing as you ask, it was a very equal household when it came to chores!

There are a lot of strong lyrics on your album. Are you a very political person?

I am. Music used to represent the youth and what was going on socially and politically, but I feel like we kind of lost that

a little bit, and that a generation lost its voice. There's so much going on in the world right now – how can it not be represented by popular music? The events of last summer were a real summary of the problems that are facing a generation.

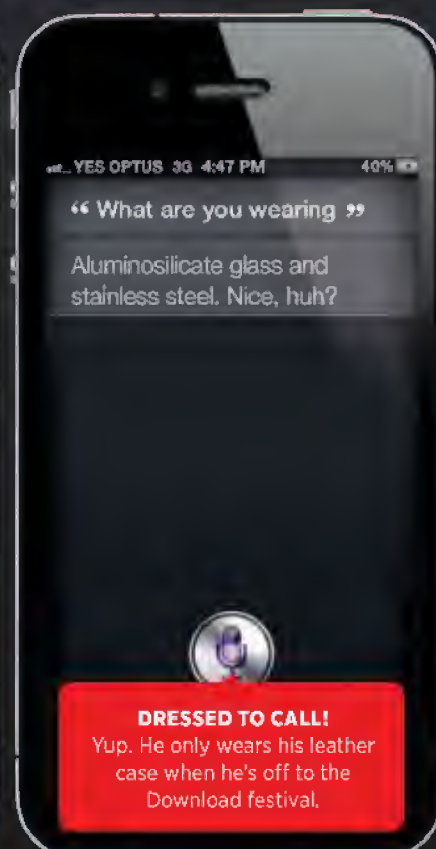

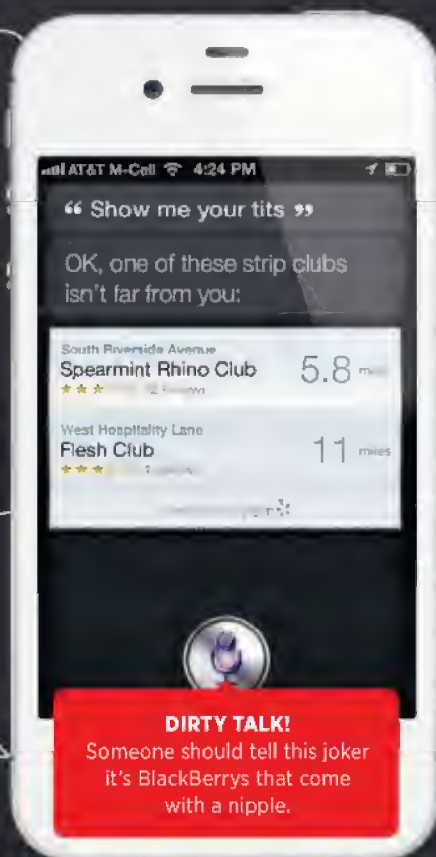

Finally, having heard how smooth your album is, is it possible to sing a girl into bed?
Ha-ha! Jesus Christ, each to their own! I really don't know how to answer that question! But you never know. Am I a single man? That's for me to know and for you to speculate about! **X**

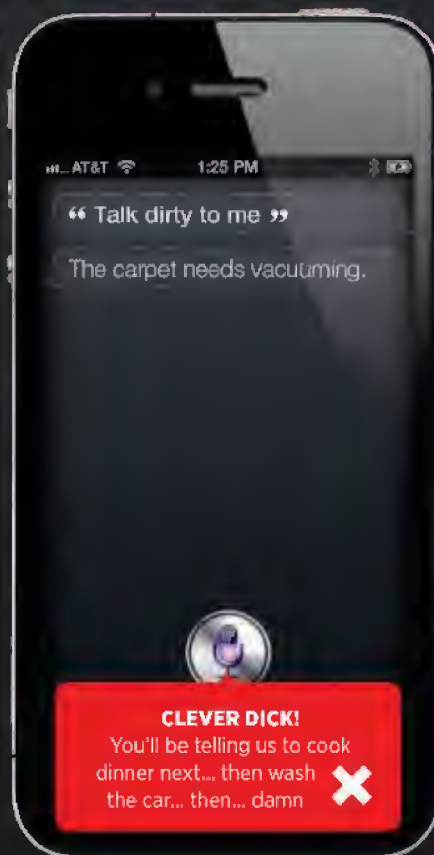

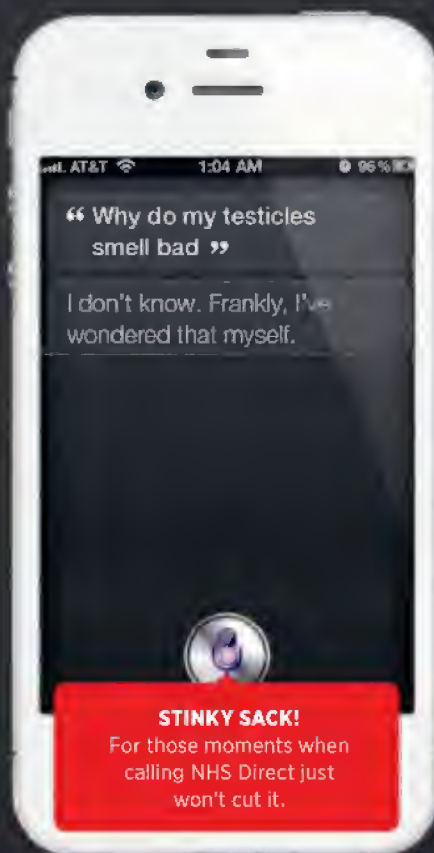

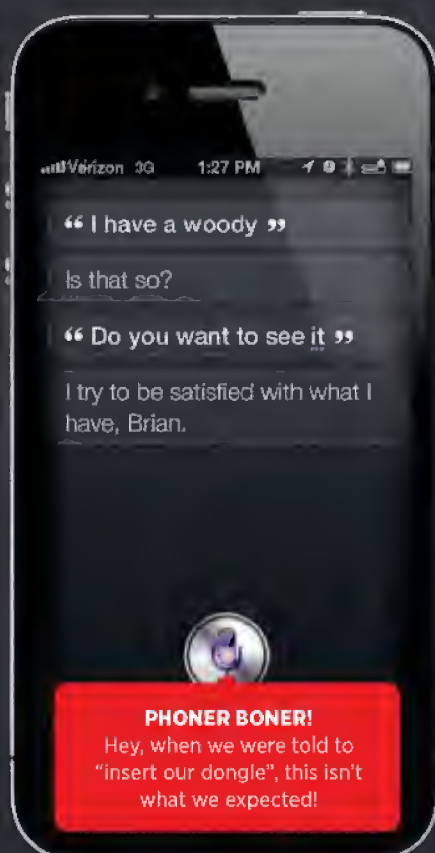

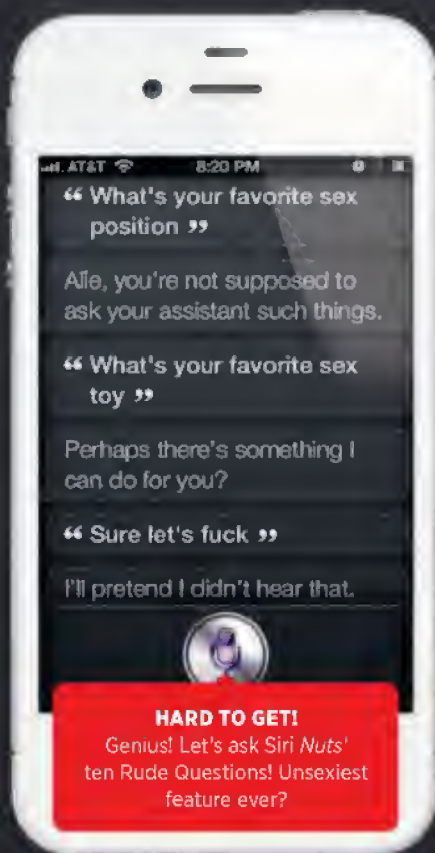

● *Maverick Sabre's new single I Used To Have It All is out on 23 April on Mercury Records*

'I SNAPPED OFF MY OWN FINGER!'

Brit explorer Charles Foster on trying to stay sane at the North Pole

Hello Charles! What is it that makes you want to explore somewhere like the North Pole?

These places can teach you a lot about yourself and what will happen when all your reference points have been stripped away.

How cold is it out there?

When you step off the helicopter, the cold bites you. It takes your breath away. It comes at you like a wolf, attaches to your face and chews at it. The cold crawls from your face to right down deep inside you, so however much goose-down there is, around you there's a deep, deep chill.

What about the landscape?

It's just frozen sea broken up by ridges that form when the ice sheets smash together. You have this vast sky – sometimes it's blue, but sometimes it's a whiteout, and when it's a whiteout you have this sense of complete disorientation. You don't know whether your foot is going into the sea, because there are cracks in the ice that go straight down to it.

How terrifying does it get?

The most frightening thing is the prospect of plunging through the ice and into the sea. One night when we'd made camp, there was this great groaning from outside our tent. We looked

out and a crack had opened up so near to us that one of our guide ropes was pitched the other side of it. If it had been a foot nearer to us we'd have gone to the bottom of the Arctic Ocean.

Tell us about your experience with frostbite.

I was racing ahead of the others pulling my sled, so I was sweating a lot, but when you stop, you cool down very quickly...

And that's when the frostbite took hold?

Yes. I was waiting for the others for quite long periods. At the end of the second day of pulling, I took my glove off and the end of the middle finger was white and rock solid. I thawed it out over the stove when we got our tent pitched and over the next few days just watched it go red, then black, before it started mummifying.

Did you lop your finger off there and then?

No, it was back in England. I was fiddling with the black tip and I just snapped it off. Blood started pouring out so I went to the local hospital. I keep it in a box. It looks like the end of an Egyptian mummy's finger.

What are living conditions like on an expedition?

You're living with four other people, all in one tent, because you know you need to conserve all the warmth. You can't go out of your tent and have a pee, so you sit up and wee into a bottle in front of everyone else. The whole tent smells of people's BO and p'ss.

What are the essential items an Arctic explorer needs?

We eat rehydrated food, so your stove is crucial for

melting snow – without it, you'd have no water and nothing to eat.

What are those moments of sheer isolation like?

Well, when you're by yourself, ploughing ahead into the whiteout, you get obsessive, lonely thoughts. A song gets lodged into your head and you can't break the cycle of it, or you start fantasising about the food you're going to have when you get back. Being alone, you can get paranoid and depressed and you lose your sense of proportion.

Why would you go back?

To convince myself that the emptiness that I've seen in myself was an illusion and there's something there after all. I think you can make something of yourself. Whether it's a cold desert or a hot desert, eventually it'll give you something back. It's just reluctant to do so.

What are the most common misconceptions about the North Pole?

Most people think that at the North Pole there are enormous mountains, that it's a big continent rather than just a pretty flat sheet of ice. I think people expect the whole area to be much more dramatic than it is. It's only dramatic because of its extraordinary inaccessibility.

● The Thing is out on Blu-ray and DVD now, courtesy of Universal Pictures UK

CHARLES FOSTER

North Pole: the facts

- It's thought the rapid movement of the magnetic North Pole towards Russia in 2011 was the cause of thousands of dead birds falling out of the sky in the USA.
- July is the North Pole's warmest month, when the temperature can reach as high as 0C!
- The North Pole spends half the year in darkness and half in light.
- There are around 240 species of birds at the North Pole, including the white partridge, the snowy owl, the American swan and the albatross.

TOPLESS TV BABES!

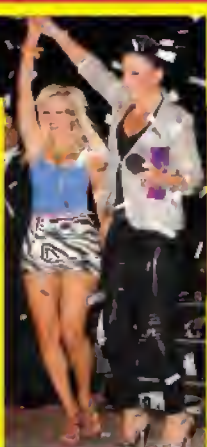

SOPHIE READE PRESENTS...

When telly goes topless!

The booby blonde is back!

TOP TV TOTTY!

Sexy Sophie made her TV breakthrough when she was crowned winner of *Big Brother 10*.

TOPLESS TV BABES!

**"I really like
cheesy chat-up
lines – they're
dead cute!"**

Hello Sophie! How's it going?

I'm great thanks! Excited to be shooting for *Nuts* again and enjoying the fact that it's almost summer. I'm planning a big holiday to Sicily.

When can we expect to see you on the telly again?

I've been saying this for ages now, but I've been thinking about making a rude film just to get my face back out there. Maybe the *Nuts* readers can apply and I'll pick one!

What other TV shows are floating your boat?

I really want to go on *Take Me Out*. Can you imagine if they did a version where it was just the *Nuts* girls? How terrifying would that be for the poor bloke? If I were him, I'd go straight back up!

How could a chap impress you?

He'd have to be really funny, but he'd also need to keep up with my drinking – I can drink most blokes under the table. Also, I really like cheesy chat-up lines. I don't know why, but I think they're dead cute.

Give us your best chat up line...

"Is your second name Gillette? Because you're the best a man can get!" Ha-ha! Well it worked on me, anyway. You can start using that one if you like.

Is it true you're off to live in America for a bit?

Yes. Well, sort of. I'm going to spend some time in the *Playboy* Mansion. I'm going to tell Hugh I'm moving in.

What's the mansion like?

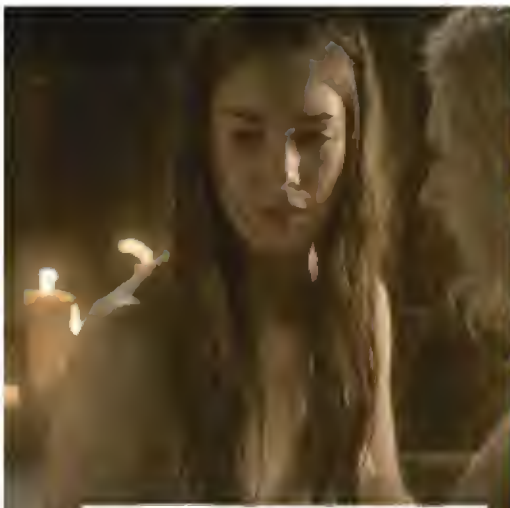

The parties are amazing. Literally everyone's naked apart from body paint. The girls there are so beautiful, so it's perfect for perving!

Please can we come with you?

Ha-ha! Yeah. Come along and I'll sneak you all in. You might have to get naked and paint your body, though. ►

"I've been thinking about making a rude film!"

More topless TV babes this way...

ROXANNE MCKEE *Game Of Thrones*
The ex-*Hollyoaks* hottie always seems to be doing rude things with other ladies whenever we see her on telly.

KYM MARSH *Coronation Street*
Crikey! It's fair to say that they don't have scenes like this in *Corrie*. Which is the reason we don't watch it.

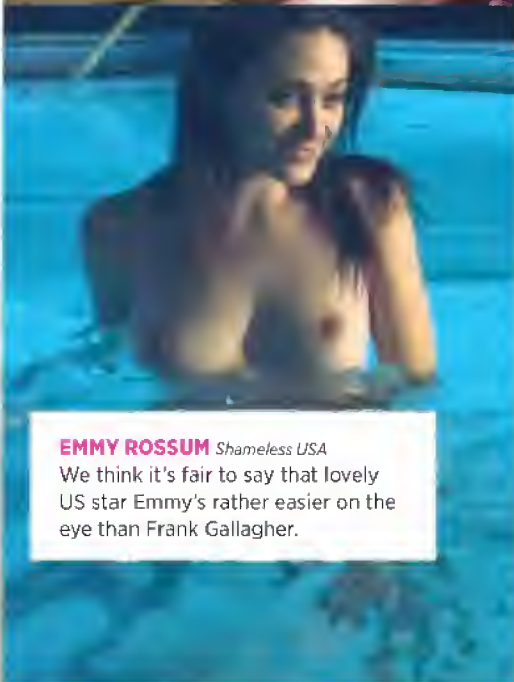

ADDISON TIMLIN *Californication*
You can count on *Californication* to provide plenty of rudery. Look! Here's some right now. Thanks, Addison.

IMOGEN THOMAS *Big Brother 7*
What's Imogen been up to recently? We've not been paying attention. Anything exciting to report?

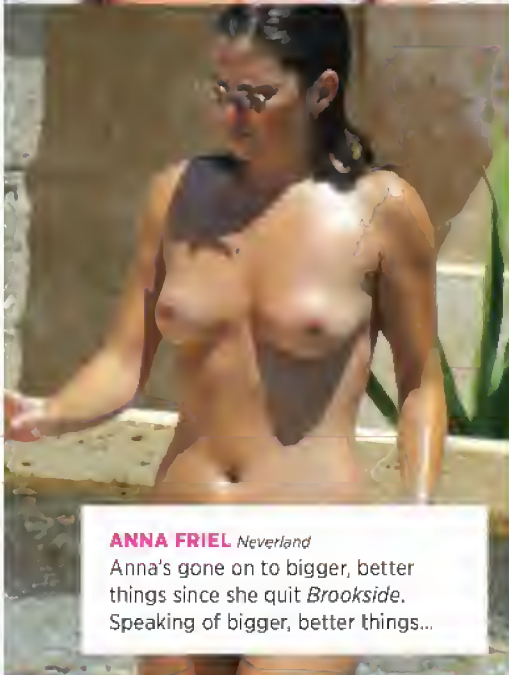

PARIS HILTON *The World According To Paris*
Our "1 Night In Paris" was nothing like Ms Hilton's naughty film of that name, though it did include a nice boat trip.

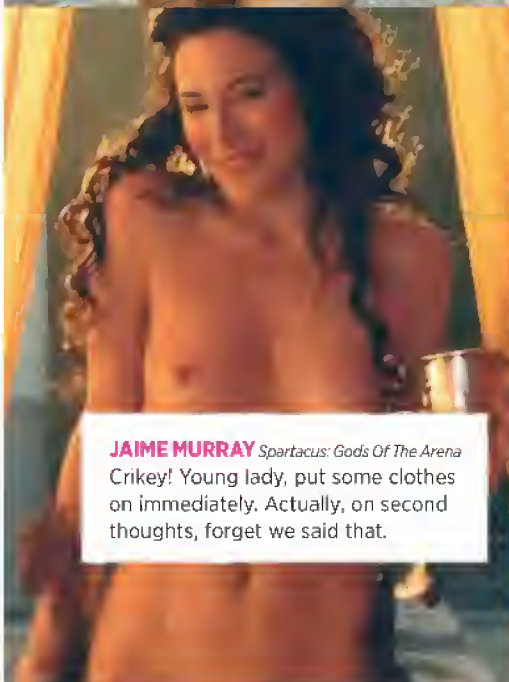

EMMY ROSSUM *Shameless USA*
We think it's fair to say that lovely US star Emmy's rather easier on the eye than Frank Gallagher.

TONI ANWYLL *Take Me Out*
Looking at Toni's certainly made us feel "Anwyll". By that, we mean we had to sit down and catch our breath.

ANNA FRIEL *Neverland*
Anna's gone on to bigger, better things since she quit *Brookside*. Speaking of bigger, better things...

JAIME MURRAY *Spartacus: Gods Of The Arena*
Crikey! Young lady, put some clothes on immediately. Actually, on second thoughts, forget we said that.

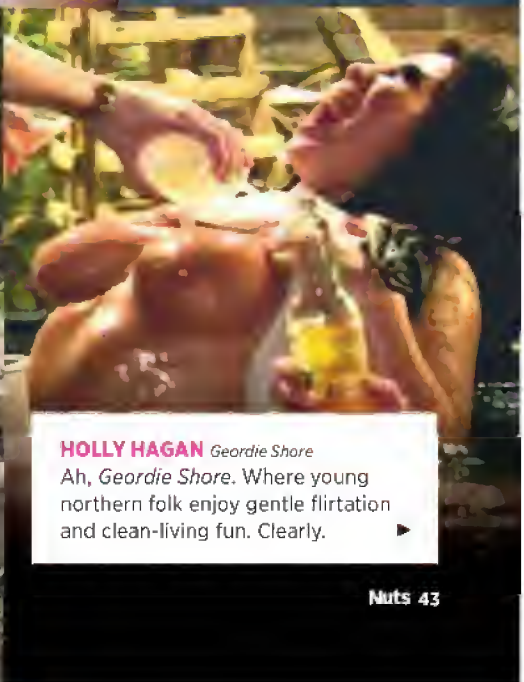

TOPLESS TV BABES!

MORGAN LEES *The Bachelor*
The blonde babe was snubbed by Gavin Henson in *The Bachelor* last year. Your loss is our gain, Gav!

KATIE PRICE *Signed By Katie Price*
Lest we forget what the author and equestrian started out doing, here's a reminder. Actually, two reminders.

HOLLY HAGAN *Geordie Shore*
Ah, *Geordie Shore*. Where young northern folk enjoy gentle flirtation and clean-living fun. Clearly. ►

TOPLESS TV BABES!

ESME BIANCO *Game Of Thrones*
Lovely Esme plays Ros, "a whore of some repute" in *Game Of Thrones*. We're saying nothing. Nothing at all.

LOUISE CLIFFE *Big Brother 2011*
We're eternally grateful to *Big Brother* for the number of boobtastic babes it's given us - like lovely Louise here.

ALANNA UBACH *Hung*
Alanna has a good name because it means we can do "we want Ubach" jokes. We're clever like that.

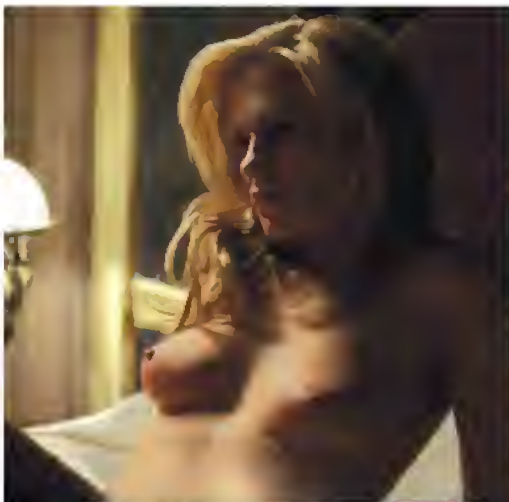

LAUREN POPE *The Only Way Is Essex*
"Popey" lived with fellow *TOWIE* star Maria Fowler. We hope they honoured "super-naked Saturdays".

BILLIE PIPER *Secret Diary Of A Call Girl*
We don't know who had the idea of casting Billie as a sexy lady of the night. But we'd like to thank them.

ERIN MCNAUGHT *Neighbours*
Fact one: Erin once had to have a finger re-attached after a motorbike accident. Fact two: she's ruddy hot.

ANNA PAQUIN *True Blood*

It's fair to say that Rogue from the *X-Men* films is all grown up now. Sexy vampire boobery ahoy!

ALICE EVE *Entourage*

Alice looks puzzled here, as if she can't remember where she left her bra. Well, we're not going to tell her, so there.

ROXANNE PALLETT *Emmerdale*

Thanks to Ms Pallett's *Emmerdale* days, we now think all farms are full of sexy girls, not just smelly animals.

COURTNEY FORD *Dexter*

Courtney has proved her versatility as an actress by getting topless in both *True Blood* and *Dexter*.

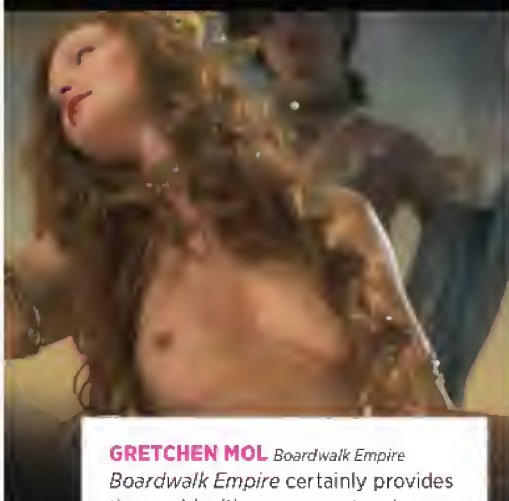

AUDRINA PATRIDGE *The Hills*

If Audrina here is aiming for the sexy college-girl look, she's missing at least one very necessary garment.

JESSICA-JANE CLEMENT *The Real Hustle*

There's an argument that JJC is the sexiest woman in the UK. And we're making it, with this as our Exhibit A.

GRETCHEN MOL *Boardwalk Empire*

Boardwalk Empire certainly provides the world with some spectacular boobage. It's pretty good telly, too.

JODIE MARSH *Celebrity Big Brother*

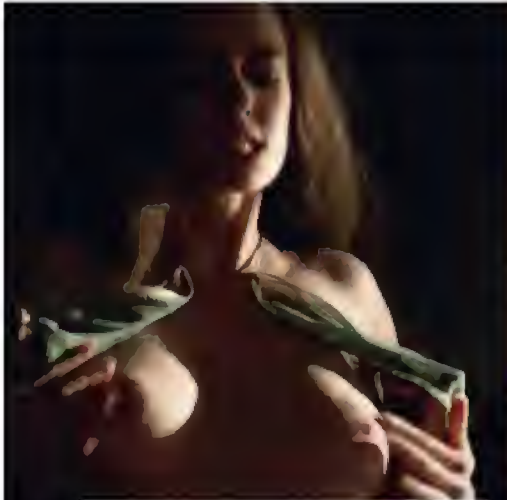

Why, when you have a body like this, would you then take up bodybuilding? We don't get women sometimes.

PAZ DE LA HUERTA *Boardwalk Empire*

The olden days, it seems, were very naughty, with lots of ladies like Paz here getting their boobs out. ▶

EVA GREEN *Camelot*

Eva plays saucy sorceress Morgan in *Camelot*. Well, she has certainly cast a spell on us here at *Nuts*.

JULIE BENZ *Dexter*

Hot Julie here also appears in *Rambo*, officially the greatest film ever made in history. Well done!

KATRINA LAW *Spartacus: Blood And Sand*

Katrina plays a slave girl in *Spartacus*, which is ironic, since we're most definitely enslaved by her beauty.

LUCY LAWLESS *Spartacus: Vengeance*

Fact: Lucy was recently arrested while trying to save the planet with fellow Greenpeace activists.

EMILIA CLARKE *Game Of Thrones*

Game Of Thrones really is ace. It has decapitations, dwarfs, Sean Bean - and lovely Emilia in the altogether.

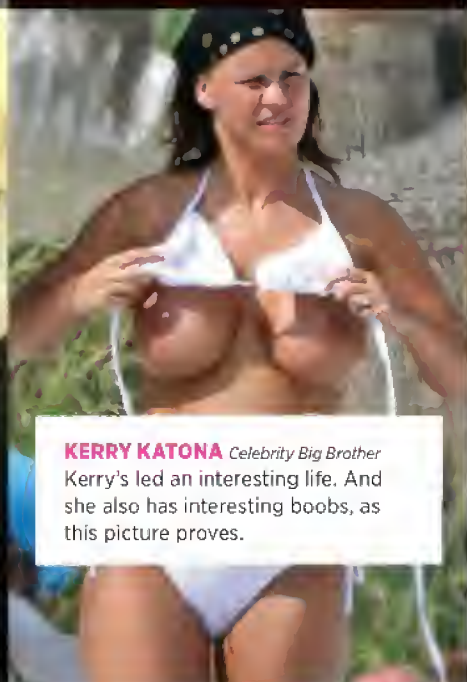

CAMILLA LUDDINGTON *Californication*

The only other Camilla we know is the one who's married to Prince Charles. It's fair to say this one's better.

LESLEY-ANN BRANDT *Spartacus...*

The subtitle for this series was "*Blood And Sand*". Perhaps it should have been "*Blood And Sand And Boobs*".

KERRY KATONA *Celebrity Big Brother*

Kerry's led an interesting life. And she also has interesting boobs, as this picture proves.

ALEKSA PALLADINO *Boardwalk Empire*

Look, it's that lady from *Boardwalk Empire* getting all lady-lovey with a lovely lady. Hurrah!

NATASHA GIGGS *Celebrity Big Brother*
Naughty Natasha loves nothing more than a good Cornish pasty on a night out. Quick, someone get to Greggs!

MORENA BACCARIN *Homeland*
Fact: You get to see Miss Baccarin's perfect boobs within the first five minutes of the opening episode!

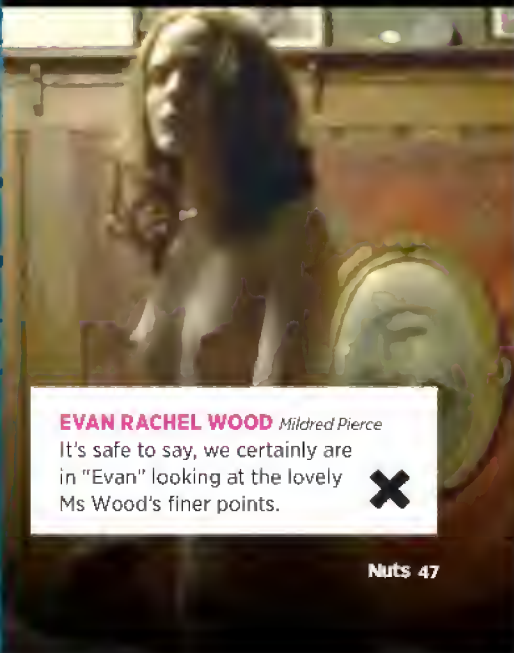

LUCY HARROLD *Take Me Out*
Miss Harrold will go down in history as one of the hottest *Take Me Out* girls ever. We certainly likey!

DANIELLE MASON *Big Fat Gypsy Weddings*
It's fair to say that *BFGW* isn't really aimed at blokes. But with Danielle on the show, we'll give it a look.

LIZZY CAPLAN *True Blood*
Just when we thought it couldn't get any sexier, cue Lizzy in one of the most awesome vampire sex scenes ever!

EVAN RACHEL WOOD *Mildred Pierce*
It's safe to say, we certainly are in "Evan" looking at the lovely Ms Wood's finer points. **X**

THE THING

DVD & Blu-ray • 18

A group of Norwegian scientists led by Kate Lloyd (fitted Mary Elizabeth Winstead) stumble across a spaceship

buried in the ice and accidentally unleash a shape-shifting, people-imitating alien. As you do. A gross, scary sci-fi prequel with loads of really disturbing CGI thrown in, too. Fit women, aliens and gore then? Yep, it's pretty bloody brilliant! ★★★★★

CONFESSION OF THE WEEK!

'Our naughty fun in a van'

I WAS sat in a transit van between my boyfriend, who was driving, and his friend. His mate was dozing, so I slipped my hand down my man's trousers and rubbed his shaft. He couldn't take it any more and pulled over. His mate looked confused but soon knew what we were up to as we went into the back of the van. I was soon bent over sucking on his manhood as his fingers went down my knickers. I swung around and my boyfriend grabbed my waist and took me from behind. His poor friend had to listen to the whole thing!

Jessica via email

'I could feel his bulge'

THERE HAVE been a lot of builders working on a house restoration next door to us and I've loved chatting and flirting to the workmen over a cup of tea.

One young Portuguese lad caught my eye and he kept stopping by for a chat, much to my dad's disapproval. One evening, all the other workers had left and I spotted him getting into his car to go back to their hotel. I thought I'd take my chance and raced outside, knowing I couldn't get

him in my house as my parents were around. He grinned at me and told me to jump in. When we reached his hotel, we pulled to the back of the car park and started kissing passionately. Then I climbed on top and felt his hard bulge pressing between my legs. It turned me on and it only took a few rubs between my legs before I was moaning loudly. We raced to his room and he finished me off, doggy style, over his bed.

Emily Exeter

'The best dessert ever'

I WAS in a sushi bar with a friend when I noticed a cute guy across the restaurant. He gave me a cheeky wink and I smiled back. I then saw him put one of his used plates back on the conveyor belt, and watched it work its way over to me. When it arrived, I noticed a piece of paper on the plate which read, "Meet me in the toilet." I asked my friend to pay the bill while I sorted out my make-up, and rushed after the mystery man. I knocked on the door, he opened it and pulled me inside. We started kissing and I felt his erection through his jeans. He turned me around and lifted up my skirt, then, after slipping on a condom, pushed his package deep inside me, both of us climaxing in minutes. It was the best dessert I've ever had!

Milly Scarborough

'We did it on a train'

BECAUSE MY boyfriend lives quite a distance from my uni, I only get to see him at weekends, but we always make up for it with the most amazing sex. Recently, we were on the last train home after a great night out. The carriage was empty and as I was rubbing his leg, I could feel him becoming hard. He began sliding his hand up between my thighs. There was so much sexual tension that he pulled me up, ripped down my jeans and took me from behind as I held onto a seat to balance. We only had a couple of stops until the end of the line but it was the most exciting feeling to have him inside me in such a public place. We've decided to see how many random places we can do it in. I can't wait!

10 RUDE QUESTIONS!

And a real girl to answer them!

Vicki

28 Burnley

1 Where's the strangest place you've had sex?
"On a big wheel in Gran Canaria. Sun and sangria really brought out my wild side. The sun was out and there were other people on the ride."

2 What's your trademark move in the bedroom?
"When I'm on top, I know exactly the right moves and the pace I need to go. It means instant ecstasy for both of us."

3 What really turns you on?
"Oiled-up topless blokes on hot sunny days always do it for me."

4 What's your favourite position?
"On top, for the same reasons as before. I like being in control."

5 Is it better to give or receive?
"Oh, definitely receive. I'm quite selfish in the bedroom. Ha-ha!"

6 What one thing would you really like to try but haven't yet?
"I think I've done everything at least once!"

7 Have you ever got it on with another girl?
"I've kissed another girl when we were both in our underwear, but that's as far as I'd go. I prefer the boys."

8 What would be your role-playing costume of choice?
"I like dressing up as a policewoman. Then I can handcuff my man and do what I please with him!"

9 Have you ever made a sex tape?
"Yes, far too many! They're good at the time, but you're always wondering who could get hold of them."

10 What's the single rudest thing you've ever done?
"Probably all the sex tapes I've made!"

"I know the right moves to give us both instant ecstasy!"

Nuts SPORT

EXCLUSIVE!

Fernando Torres: 'My job is to score!'

The hitman on getting goals and winning the Champions League!

➔ **Hi Fernando! How relieved were you to break your goal-scoring duck against Leicester recently?**

I've worked very hard and for me to have some rewards is fantastic. I needed these goals, I can't hide from this, but at the same time, I definitely didn't think I'd suddenly become a bad player. I had faith in myself and my team-mates.

What's been the secret to the turnaround?

There's no secret, only hard work. My job is to get goals but it's also to help my team-mates. In recent weeks I've shown good intensity and supported the team. To get the goals is the headline but for me it's only part of the picture. Others may say I was playing poorly. I didn't believe this.

But you had some criticism.

People who ask these questions think they know the answers so I don't have to say anything.

Did you ever lose the faith?

Football for me is not a job, it's a joy. I'm very fortunate to be in my situation and I remind myself of this every day. There are always challenges in your career and I've always taken the same approach – to confront them directly and with no fear.

You do look a bit grumpy sometimes!

I try to keep my emotions inside. This doesn't mean I'm unhappy, it's just the way I am.

So, you still love the Premier League then?

Of course! I enjoy the battles with the defenders – the physical and mental challenges in every single game. And I love the passion of the fans. In fact, it's the fans I must thank for their support, always.

What's life like under new boss Roberto Di Matteo?

He has confidence in me and I appreciate this. It's always good when a player knows the coach is behind him. I've always worked hard and I'll do the same for the new manager.

Do you think Chelsea have turned a corner?

Chelsea are in a better situation, we are playing with confidence, moving the ball quickly, being progressive. And defensively we look stronger. I think this is because we have many good footballers, many internationals, many natural winners. I knew when I joined Chelsea that this was a club with fantastic talent and hopefully we'll show this until the end of the season.

What can the Blues achieve this season? Can you win the Champions League?

We want to finish as high in the table as we can – we know we have the players and the mentality to go on a real run. The dream of all the players at Chelsea is to win trophies. Our goal is to win every game and win every trophy we can, for sure. The Champions League is the biggest club competition and it's there that players really prove their worth. I have good hopes for us this season.

KAMMY!

He's the voice of the fans – and he's only in *Nuts*!

The football world
has united to wish
Fabrice Muamba well

Dalglish still right for Liverpool!

LIVERPOOL'S LEAGUE form seems to be all over the place at the moment and I hear that some are beginning to question Kenny Dalglish's position as manager.

At the moment, it's the cups that are keeping the pressure off the Liverpool legend – there are only three trophies you can win domestically and if the Reds end up with two, it'll have been a good season.

I'm sure Kenny will have been told that Champions League qualification is the priority next season. He may always have time with the fans, but the owners might see things differently if Liverpool finish outside the top four.

"Oh no, it's Arsene.
I'll pretend I haven't
seen him"

● Send jokes, comments, pics etc to kammy@ipcmedia.com. The sender of the best one each week wins themselves a signed *Nuts* T-shirt!

My thoughts are with Muamba

I can't wait to see Fabrice back in a Bolton shirt!

➔ **LIKE EVERYONE,** I was horrified when I saw Fabrice Muamba lying prone on the White Hart Lane turf. My thoughts are with him and his family and I can only hope the midfielder makes a full return to fitness and the game he loves.

When you hear that Fabrice was technically dead

for more than an hour, it's truly incredible that he's been talking and laughing with friends. It's a testament to the amazing work carried out by the club doctors and paramedics that Fabrice is still with us today.

The whole situation has brought football together in a way we don't often see – even teams like Real Madrid

and Barcelona wore "get well soon" T-shirts and Thierry Henry made a trip from the USA just to visit Fabrice for an hour.

I can't help but feel that the outpouring of positivity has helped the midfielder in his recovery and I can't wait till we see the Bolton man step out at the Reebok again. Get well soon, mate!

KAMMY'S UNBELIEVABLE- OMETER™

UNBELIEVABLY GOOD!

MAJESTIC MESSI!

The little genius has been at it again – Messi is now Barcelona's all-time top goal-scorer at the age of 24, breaking Cesar Rodriguez's record of 232. Unbelievable!

UNBELIEVABLY BAD!

BARTON BOOS!

QPR captain Joey Barton has been getting stick from some of his own fans. With his high-profile status and tweets, the skipper leaves himself open to attack.

THE BIG MATCH!

It was one of the less subtle attempts at stealth bumming

Real Madrid open the door!

I SEE Real Madrid have suffered a bit of a slip-up in La Liga. Jose Mourinho's boys are now only six points clear of Barcelona and they still have to travel to the Camp Nou. I spoke to the producer of Sky Sports' Spanish coverage in the canteen the other day – he thought I was mental when I said the title race wasn't over. It's beginning to look like I was right!

"Must... stop... head... getting... bigger!"

Newcastle vs Liverpool

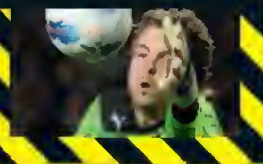

1 APR, 1.30PM • Sky Sp1/HD

Newcastle continue to amaze me. Alan Pardew has worked wonders this season but despite that, no one really seems to be talking about him. Liverpool are fairly inconsistent at the moment and a trip to the Sports Direct Arena will surely be the last thing they need.

KAMMY'S PREDICTION: 2-1

Key man

Tim Krul is as important to the team as Demba Ba in my opinion. With the likes of Luis Suarez around, he'll need to be on his game.

James Bond at QPR!

DANIEL CRAIG made an appearance at Loftus Road last week to see struggling QPR beat Liverpool. As he's a Reds fan, I'm pretty sure the James Bond actor was both shaken and stirred by the home team's momentous comeback from being two goals down!

"Wonder if I can get Q to rustle up a striker who actually scores"

Nuts ABOUT SPORT!

Funny goings-on in the wonderful world of sport!

Cowboys tend not to go for regular sports like footy - they prefer things a tad more dangerous. Take **MARCO EGUCHE** here, during the Pro Bull Riders Invitational in New York.

MATTHEW MACKLIN gets socked in the face in his fight with Sergio Martinez in New York. Quick, get him an ice pack.

The **KENYAN MAASAI TRIBE** has its very own cricket team. We wish Swanny and the rest of the England boys would walk out to the crease in this get up - it'd make them look very dapper.

Driver **DEREK SMITH** tries a cunning new tactic during his Formula Ford 2000 race at Donington Park - driving upside down! Thankfully, he walked away unhurt.
